

ELIMINATION TECHNIQUE SERIES

EXCLUSIVE UPSC SMART SOLVING PROGRAM

150 Tests | 7,500 High-Quality Questions

Statement Elimination • Extreme Words • Logic-Based • Intelligent Guessing • PYQs

Statement Elimination (25 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 1	Statement Elimination: History: Ancient & Medieval	Identifying chronologically impossible statement pairs, eliminating anachronisms.
Test 2	Statement Elimination: History: Modern Freedom Struggle	Spotting extreme ideological statements (e.g., 'all leaders agreed'), filtering contradictory facts.
Test 3	Statement Elimination: Geography: Physical Geography	Eliminating statements reversing cause-and-effect (e.g., temperature vs pressure).
Test 4	Statement Elimination: Geography: Indian Climate & Soil	Filtering absolute statements regarding rainfall distribution and soil fertility constraints.
Test 5	Statement Elimination: Polity: Constitutional Framework	Spotting misapplied 'must', 'shall', or 'only' clauses in constitutional provisions.
Test 6	Statement Elimination: Polity: Parliament & Executive	Eliminating statements confusing President/Governor powers or Lok/Rajya Sabha privileges.
Test 7	Statement Elimination: Polity: Judiciary & Local Govt	Identifying false jurisdiction overlaps and incorrect mandatory/voluntary provisions.
Test 8	Statement Elimination: Economy: Macroeconomics & Banking	Filtering out conflicting directional trends (e.g., inflation vs interest rates).
Test 9	Statement Elimination: Economy: Public Finance & External Sector	Spotting incorrect statutory backing or exaggerated BoP figures.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 10	Statement Elimination: Environment: Ecology & Climate Change	Eliminating extreme ecological statements (e.g., 'completely destroyed', 'never occurs').
Test 11	Statement Elimination: Environment: Treaties & Acts	Spotting incorrect nodal agencies, voluntary vs binding clauses in protocols.
Test 12	Statement Elimination: Science: Space & Defense	Filtering out overly ambitious tech claims or mismatched satellite orbits.
Test 13	Statement Elimination: Science: Biotech & Health	Eliminating absolute cures, universal applications, or mismatched vectors/diseases.
Test 14	Statement Elimination: Current Affairs: Government Schemes	Spotting exaggerated beneficiary targets, incorrect ministries, or 'only for' clauses.
Test 15	Statement Elimination: Current Affairs: Global Indices	Filtering incorrect publishing agencies or extreme rank improvements.
Test 16	Statement Elimination: History: Ancient & Medieval	Identifying chronologically impossible statement pairs, eliminating anachronisms.
Test 17	Statement Elimination: History: Modern Freedom Struggle	Spotting extreme ideological statements (e.g., 'all leaders agreed'), filtering contradictory facts.
Test 18	Statement Elimination: Geography: Physical Geography	Eliminating statements reversing cause-and-effect (e.g., temperature vs pressure).
Test 19	Statement Elimination: Geography: Indian Climate & Soil	Filtering absolute statements regarding rainfall distribution and soil fertility constraints.
Test 20	Statement Elimination: Polity: Constitutional Framework	Spotting misapplied 'must', 'shall', or 'only' clauses in constitutional provisions.
Test 21	Statement Elimination: Polity: Parliament & Executive	Eliminating statements confusing President/Governor powers or Lok/Rajya Sabha privileges.
Test 22	Statement Elimination: Polity: Judiciary & Local Govt	Identifying false jurisdiction overlaps and incorrect mandatory/voluntary provisions.
Test 23	Statement Elimination: Economy: Macroeconomics & Banking	Filtering out conflicting directional trends (e.g., inflation vs interest rates).
Test 24	Statement Elimination: Economy: Public Finance & External Sector	Spotting incorrect statutory backing or exaggerated BoP figures.
Test 25	Statement Elimination: Environment: Ecology & Climate Change	Eliminating extreme ecological statements (e.g., 'completely destroyed', 'never occurs').

Extreme Words Elimination (20 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 26	Extreme Words: History & Culture	Focusing on 'Always', 'Never', 'All', 'None' in ancient trade or cultural adoption.
Test 27	Extreme Words: Polity: Fundamental Rights & DPSP	Identifying absolute rights without reasonable restrictions; 'mandatorily' vs 'advisory'.
Test 28	Extreme Words: Geography: Resource Distribution	Spotting 'Exclusively found', 'Largest producer globally' traps in minerals/agriculture.
Test 29	Extreme Words: Economy: Poverty & Employment	Filtering statements like 'completely eradicated', 'always leads to', or 'sole cause'.
Test 30	Extreme Words: Environment: Species & Conservation	Spotting 'endemic to all of India', 'naturally found nowhere else' extreme traps.
Test 31	Extreme Words: Science: Emerging Technologies	Eliminating statements claiming '100% accuracy', 'zero emissions', or 'impossible to hack'.
Test 32	Extreme Words: History & Culture	Focusing on 'Always', 'Never', 'All', 'None' in ancient trade or cultural adoption.
Test 33	Extreme Words: Polity: Fundamental Rights & DPSP	Identifying absolute rights without reasonable restrictions; 'mandatorily' vs 'advisory'.
Test 34	Extreme Words: Geography: Resource Distribution	Spotting 'Exclusively found', 'Largest producer globally' traps in minerals/agriculture.
Test 35	Extreme Words: Economy: Poverty & Employment	Filtering statements like 'completely eradicated', 'always leads to', or 'sole cause'.
Test 36	Extreme Words: Environment: Species & Conservation	Spotting 'endemic to all of India', 'naturally found nowhere else' extreme traps.
Test 37	Extreme Words: Science: Emerging Technologies	Eliminating statements claiming '100% accuracy', 'zero emissions', or 'impossible to hack'.
Test 38	Extreme Words: History & Culture	Focusing on 'Always', 'Never', 'All', 'None' in ancient trade or cultural adoption.
Test 39	Extreme Words: Polity: Fundamental Rights & DPSP	Identifying absolute rights without reasonable restrictions; 'mandatorily' vs 'advisory'.
Test 40	Extreme Words: Geography: Resource Distribution	Spotting 'Exclusively found', 'Largest producer globally' traps in minerals/agriculture.
Test 41	Extreme Words: Economy: Poverty & Employment	Filtering statements like 'completely eradicated', 'always leads to', or 'sole cause'.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 42	Extreme Words: Environment: Species & Conservation	Spotting 'endemic to all of India', 'naturally found nowhere else' extreme traps.
Test 43	Extreme Words: Science: Emerging Technologies	Eliminating statements claiming '100% accuracy', 'zero emissions', or 'impossible to hack'.
Test 44	Extreme Words: History & Culture	Focusing on 'Always', 'Never', 'All', 'None' in ancient trade or cultural adoption.
Test 45	Extreme Words: Polity: Fundamental Rights & DPSP	Identifying absolute rights without reasonable restrictions; 'mandatorily' vs 'advisory'.

Logic-Based Elimination (20 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 46	Logic-Based: Economic Logic & Correlations	Applying supply-demand logic; if statement 1 is true, statement 2 must mathematically be false.
Test 47	Logic-Based: Geographical Phenomena & Climate	Applying latitude/altitude rules to eliminate impossible flora/fauna combinations.
Test 48	Logic-Based: Historical Timelines & Contemporaries	Using era-based logic to eliminate leaders/travelers who did not coexist.
Test 49	Logic-Based: Scientific Principles & Applied Tech	Using basic physics/biology to rule out impossible technological applications.
Test 50	Logic-Based: Environmental Ecosystem Logic	Applying energy flow logic to eliminate inverted pyramids or impossible food chains.
Test 51	Logic-Based: Economic Logic & Correlations	Applying supply-demand logic; if statement 1 is true, statement 2 must mathematically be false.
Test 52	Logic-Based: Geographical Phenomena & Climate	Applying latitude/altitude rules to eliminate impossible flora/fauna combinations.
Test 53	Logic-Based: Historical Timelines & Contemporaries	Using era-based logic to eliminate leaders/travelers who did not coexist.
Test 54	Logic-Based: Scientific Principles & Applied Tech	Using basic physics/biology to rule out impossible technological applications.
Test 55	Logic-Based: Environmental Ecosystem Logic	Applying energy flow logic to eliminate inverted pyramids or impossible food chains.
Test 56	Logic-Based: Economic Logic & Correlations	Applying supply-demand logic; if statement 1 is true, statement 2 must mathematically be false.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 57	Logic-Based: Geographical Phenomena & Climate	Applying latitude/altitude rules to eliminate impossible flora/fauna combinations.
Test 58	Logic-Based: Historical Timelines & Contemporaries	Using era-based logic to eliminate leaders/travelers who did not coexist.
Test 59	Logic-Based: Scientific Principles & Applied Tech	Using basic physics/biology to rule out impossible technological applications.
Test 60	Logic-Based: Environmental Ecosystem Logic	Applying energy flow logic to eliminate inverted pyramids or impossible food chains.
Test 61	Logic-Based: Economic Logic & Correlations	Applying supply-demand logic; if statement 1 is true, statement 2 must mathematically be false.
Test 62	Logic-Based: Geographical Phenomena & Climate	Applying latitude/altitude rules to eliminate impossible flora/fauna combinations.
Test 63	Logic-Based: Historical Timelines & Contemporaries	Using era-based logic to eliminate leaders/travelers who did not coexist.
Test 64	Logic-Based: Scientific Principles & Applied Tech	Using basic physics/biology to rule out impossible technological applications.
Test 65	Logic-Based: Environmental Ecosystem Logic	Applying energy flow logic to eliminate inverted pyramids or impossible food chains.

Intelligent Guessing (15 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 66	Intelligent Guessing: Science & Technology Ambiguities	When to use the 'All of the above' rule for potential future applications of tech (AI, Nanotech).
Test 67	Intelligent Guessing: Environment: Species & Protected Areas	Using prefix/suffix etymology or state-specific nomenclature to guess National Park locations.
Test 68	Intelligent Guessing: History: Ancient Terms & Texts	Using root words (Sanskrit/Pali) to intelligently guess the meaning of administrative terms.
Test 69	Intelligent Guessing: Polity: Unfamiliar Constitutional Bodies	Using basic democratic logic to guess the function and reporting structure of new bodies.
Test 70	Intelligent Guessing: Economy: Unfamiliar Terminologies	Deconstructing economic portmanteaus or prefixes to arrive at the most logical definition.
Test 71	Intelligent Guessing: Science & Technology Ambiguities	When to use the 'All of the above' rule for potential future applications of tech (AI, Nanotech).

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 72	Intelligent Guessing: Environment: Species & Protected Areas	Using prefix/suffix etymology or state-specific nomenclature to guess National Park locations.
Test 73	Intelligent Guessing: History: Ancient Terms & Texts	Using root words (Sanskrit/Pali) to intelligently guess the meaning of administrative terms.
Test 74	Intelligent Guessing: Polity: Unfamiliar Constitutional Bodies	Using basic democratic logic to guess the function and reporting structure of new bodies.
Test 75	Intelligent Guessing: Economy: Unfamiliar Terminologies	Deconstructing economic portmanteaus or prefixes to arrive at the most logical definition.
Test 76	Intelligent Guessing: Science & Technology Ambiguities	When to use the 'All of the above' rule for potential future applications of tech (AI, Nanotech).
Test 77	Intelligent Guessing: Environment: Species & Protected Areas	Using prefix/suffix etymology or state-specific nomenclature to guess National Park locations.
Test 78	Intelligent Guessing: History: Ancient Terms & Texts	Using root words (Sanskrit/Pali) to intelligently guess the meaning of administrative terms.
Test 79	Intelligent Guessing: Polity: Unfamiliar Constitutional Bodies	Using basic democratic logic to guess the function and reporting structure of new bodies.
Test 80	Intelligent Guessing: Economy: Unfamiliar Terminologies	Deconstructing economic portmanteaus or prefixes to arrive at the most logical definition.

PYQ Elimination Practice (30 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 81	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.
Test 82	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 83	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.
Test 84	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 85	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.
Test 86	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 87	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 88	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.
Test 89	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 90	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.
Test 91	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.
Test 92	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 93	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.
Test 94	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 95	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.
Test 96	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.
Test 97	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 98	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.
Test 99	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 100	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.
Test 101	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.
Test 102	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 103	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 104	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 105	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.
Test 106	PYQ Elimination: UPSC PYQs 2011-2015: History & Polity	Deconstructing UPSC's framing of history options and constitutional traps.
Test 107	PYQ Elimination: UPSC PYQs 2011-2015: Geo & Economy	Analyzing repeating trends in inflation, RBI tools, and mapping questions.
Test 108	PYQ Elimination: UPSC PYQs 2016-2019: Env & Science	Studying the shift towards applied science and specific wildlife protection schedules.
Test 109	PYQ Elimination: UPSC PYQs 2020-2023: The New Pattern	Tackling the 'Only one pair', 'Only two pairs' format using deep knowledge elimination.
Test 110	PYQ Elimination: UPSC PYQs 2011-2023: Assertion-Reasoning	Practicing the 'because' bridge technique for Statement I and Statement II questions.

Mixed Practice Sets (40 Tests)

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 111	Mixed Elimination Simulator - Set 1	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 112	Mixed Elimination Simulator - Set 2	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 113	Mixed Elimination Simulator - Set 3	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 114	Mixed Elimination Simulator - Set 4	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 115	Mixed Elimination Simulator - Set 5	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 116	Mixed Elimination Simulator - Set 6	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 117	Mixed Elimination Simulator - Set 7	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 118	Mixed Elimination Simulator - Set 8	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 119	Mixed Elimination Simulator - Set 9	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 120	Mixed Elimination Simulator - Set 10	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 121	Mixed Elimination Simulator - Set 11	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 122	Mixed Elimination Simulator - Set 12	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 123	Mixed Elimination Simulator - Set 13	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 124	Mixed Elimination Simulator - Set 14	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 125	Mixed Elimination Simulator - Set 15	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 126	Mixed Elimination Simulator - Set 16	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 127	Mixed Elimination Simulator - Set 17	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 128	Mixed Elimination Simulator - Set 18	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 129	Mixed Elimination Simulator - Set 19	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 130	Mixed Elimination Simulator - Set 20	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 131	Mixed Elimination Simulator - Set 21	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 132	Mixed Elimination Simulator - Set 22	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 133	Mixed Elimination Simulator - Set 23	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 134	Mixed Elimination Simulator - Set 24	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 135	Mixed Elimination Simulator - Set 25	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 136	Mixed Elimination Simulator - Set 26	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 137	Mixed Elimination Simulator - Set 27	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 138	Mixed Elimination Simulator - Set 28	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 139	Mixed Elimination Simulator - Set 29	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 140	Mixed Elimination Simulator - Set 30	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 141	Mixed Elimination Simulator - Set 31	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 142	Mixed Elimination Simulator - Set 32	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.

Test No.	Syllabus / Elimination Theme	Focusing Areas & Logic Strategy
Test 143	Mixed Elimination Simulator - Set 33	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 144	Mixed Elimination Simulator - Set 34	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 145	Mixed Elimination Simulator - Set 35	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 146	Mixed Elimination Simulator - Set 36	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 147	Mixed Elimination Simulator - Set 37	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 148	Mixed Elimination Simulator - Set 38	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 149	Mixed Elimination Simulator - Set 39	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.
Test 150	Mixed Elimination Simulator - Set 40	Comprehensive 50-question test integrating statement elimination, extreme words, logic, and guessing across all GS subjects.

"UPSC Success Is Not Just Knowledge, It's Smart Selection."

Think Smart • Eliminate Better • Score Higher
